

Hentediktat

Pluspar og pluspar +1

Aktiviteten:

Posterne kan bruges enten som hentediklat eller stjerneløb.

Forberedelse: Siderne printes i duplex, så er der bagside på alle siderne og de kan nemt finde på plads, når der ryddes op eller sider bliver væk

Hentediklat: Alle posterne spredes over et passende område. Hver elev har en svarark, som de placerer et sted. Alle børn er i gang samtidig. Eleven løber nu og finder en post. Han finder måske posten med hajen og $2 + 2$. Nu skal han huske på hajen og 4 og løbe retur til sin seddel. Ved hajen skriver han 4. Så er det ud og finde en ny post indtil alle dyr er fundet.

Stjerneløb: Der laves huller i alle poster og posterne hænges op på et passende område. Eleven får et svarark og løber nu **med** arket rundt i området. Herefter svares der på plusstykkerne og der skrives resultatet ved det dyr.
